Anwendung

Lesen Sie diese wichtigen Informationen! Verwendungszweck / Bestimmungsgemäße Verwendung

Das Gerät ist ein gemäß MID zertifizierter digitaler Energiezähler. Er wird zur Erfassung und Abrechnung der Wirkenergie eingesetzt. Die 4-Quadranten-Messung erlaubt die

Messung von Energiebezug und -abgabe. Durch die MID-Zertifizierung können die gewonnen Daten (Display) auch zur Energiekostenabrechnung gegenüber Dritten verwendet werden. Über integrierte Kommunikationsschnittstellen können die Werte parallel an übergeordnete Managementsysteme übertragen werden. Der Manipulationsschutz wird durch geeignete Maßnahmen (plombierbare Abdeckung) sichergestellt.

Nur bei bestimmungsgemäßer Verwendung ist die Sicherheit von Anwender und Gerät gewährleistet.

### Bestimmungswidrige Verwendung

Alle Verwendungen des Gerätes, die nicht in der Produktdokumentation des Gerätes beschrieben sind, sind bestimmungswidrig.

### Haftung und Gewährleistung

Gossen Metrawatt GmbH übernimmt keine Haftung bei Sach-, Personen oder Folgeschäden, die durch unsachgemäße oder fehlerhafte Anwendung des Produktes, insbesondere durch Nichtbeachtung der Produktdokumentation, entstehen. Zudem entfallen in diesem Fall sämtliche Gewährleistungsansprüche.

Auch für Datenverluste übernimmt Gossen Metrawatt GmbH keine Haftung.

Für einen ordnungsgemäßen und sicheren Gebrauch diese Anleitung sor-

#### Stromschlag durch spannungsführende Teile! Lebensgefahr durch Lichtbogen

- Die Installation und alle Arbeiten am Gerät dürfen nur durch eine Elektrofachkraft
- Beachten und befolgen Sie alle nötigen Sicherheitsvorschriften für Ihre Arbeitsum
- Tragen Sie bei allen Arbeiten mit dem Gerät eine geeignete und angemessene per
- sönliche Schutz-ausrüstung (PSA).
- Sie dazu die fünf Sicherheitsregeln gem. DIN VDE 0105-100.

### Unsachgemäße Installation & unsachgemäßer Betrieh

Eine fehlerhafte Installation/falscher Betrieb kann zu Sachschäden am Produkt und/oder an der Anlage führen.

### **Sicherheitshinweise**

gfältig und vollständig lesen und befolgen. Für späteres Nachschlagen auf-

Das Berühren spannungsführender Teile ist lebensgefährlich!

- durchgeführt werden

- Bei der Installation muss die Installationsumgebung spannungsfrei sein. Beachten

in Deutschland beträgt 8 Jahre.

### **Transport & Lagerung** Transportieren und Lagern Sie das Gerät nur innerhalb der zulässigen Umweltbedin-

gungen. Sorgen Sie auch durch eine geeignete Verpackung für ausreichenden Schutz vor Umgebungseinflüssen und mechanischer Beanspruchung.

### Wartung

Das Gerät ist wartungsfrei. Achten Sie auf eine saubere Oberfläche Reinigen Sie das Gerät ausschließlich mit einem trockenen Tuch.

### Nacheichung Halten Sie die nationalen Vorschriften und Gesetze zur Nacheichung ein. Die Eichfrist

Verletztes Herstellersiegel bedeutet, dass die Eichung erloschen ist. Das Gerät darf nicht zu Abrechnungszwecken verwendet werden

Reparatur & Herstellergarantie

Sollte Ihr Gerät eine Reparatur benötigen, wenden Sie sich an unseren Service; siehe Support& Kontakt. Eigenmächtige konstruktive Änderungen am Gerät sind verboten. Dies beinhaltet auch

das Öffnen des Gerätes. Falls feststellbar ist, dass das Gerät durch nicht autorisiertes Personal geöffnet wurde,

werden keinerlei Gewährleistungsansprüche betreffend Personensicherheit, Messgenauigkeit, Konformität mit den geltenden Schutzmaßnahmen oder jegliche Folgeschäden durch den Hersteller gewährt. Durch Beschädigen oder Entfernen des Herstellersiegels verfallen jegliche Garantieansprüche.

Der Garantiezeitraum für die Geräte beträgt 2 Jahre nach Lieferung. Die Herstellergarantie umfasst Produktions- und Materialfehler, ausgenommen sind Beschädigungen durch nicht bestimmungsgemäßen Gebrauch oder Fehlbedienung sowie jegliche Folgekosten

## **Entsorgung & Umweltschutz**

- Die folgenden Ausführungen beziehen sich grundsätzlich auf die Rechtslage in der Bundesrepublik Deutschland. Besitzer oder Endnutzer, die abweichenden nationalen Vorgaben unterliegen, sind zur Einhaltung der jeweils anwendbaren nationalen Vorgaben und deren korrekter Umsetzung vor Ort verpflichtet.
- Das nebenstehende Symbol der durchgestrichenen Abfalltonne auf Rädern verweist auf die gesetzliche Verpflichtung des Besitzers bzw. Endnutzers (Elektro- und Elektronikgerätegesetzes ElektroG und Batteriegesetz BattG), Elektro-Altgeräte und Altbatterien nicht mit dem unsortierten Siedlungsabfall ("Hausmüll") zu en tsorgen.
- Sie können Ihr in Deutschland genutztes Altgerät, elektrisches oder elektronisches Zubehör sowie Altbatterien unter Einhaltung der geltenden Vorgaben, insbesondere des Verpackungs- und Gefahrgutrechts, unentgeltlich zur Entsorgung an Gossen Metrawatt GmbH bzw. den beauftragten Dienstleister zurückgeben. Nähere ationen finden eich auf uneerer Webeite

## **Support und Kontakt**

Bitte wenden Sie sich an +49 911 8602-0 Montag – Donnerstag: 08:00 Uhr – 16:00 Uhr Freitag: 08:00 Uhr – 14:00 Uhr

### **Sealable terminal covers**

# Cable stripping length and max. terminal screw torque

Please read this important information!

Intended Use / Use for Intended Purpose

The instrument is a digital multifunctional energy meter certified in accordance with

**Applications** 

MID. Integrated 4-quadrant measurement permits measurement of energy import and export.

Thanks to MID certification, acquired data (display) can also be used for the purpose of billing energy costs to third parties.

Via integrated communication interfaces, the values are also forwarded to superordinate management systems. Protection against tampering is provided through adequate measures (tamper-proof cover)

Safety of the operator, as well as that of the instrument, is only assured when it's used

#### Use for Other than Intended Purpose

Using the instrument for any purposes other than those described in the product documentation is contrary to use for intended purpose.

### **Liability and Guarantee**

Gossen Metrawatt GmbH assumes no liability for property damage, personal injury or consequential damage resulting from improper or incorrect use of the product, in particular due to failure to observe the product documentation. Furthermore, all guarantee claims are rendered null and void in such cases.

Nor does Gossen Metrawatt GmbH accept any liability for data loss

Data in compliance with EN 50470-1, EN 50470-3 and EN 62053-31

### **Scope of Delivery**

DIN 43880

EN 60715

- 1 instrument (U281A)
- 1 operating instructions

General characteristics

Mounting

IP rating

(\*) The metering equipment must be installed inside a cabinet with IP rating IP51 or better.

# Safety Instructions

Read and follow these instructions carefully and completely in order to ensure safe and proper use. Keep for future reference.

#### Electric shock due to live components! Life endangering due to electric arcs!

Touching voltage conducting components is life endangering

- The installation and any work performed on the instrument may only be carried out by a qualified electrician.
- Observe and comply with all safety regulations which are applicable for your work environment
- Wear suitable and appropriate personal protective equipment (PPE) whenever wor king with the instrument.
- During installation, the installation environment must be voltage-free. For that, observe the five safety rules in accordance with DIN VDE 0105-100.

direct connection 40 A **SO Pulse** 

1 Module

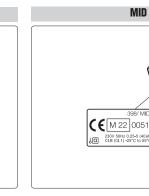

#### Faulty installation & incorrect operation

Faulty installation/incorrect operation can damage your instrument/system. Risk of malfunctions and disruptions

DIN

- Comply with the specified technical data and conditions - Do not install the instrument in potentially explosive atmospheres.

**MID** calibrated

Install and operate the instrument only if it and all connection cables and leads are

in good working order and damage-free. Inspect the instrument at regular intervals.

- If the instrument doesn't function flawlessly, permanently remove it from operation and secure it against inadvertent use.

### Symbols on the Instrument

European conformity marking

Double insulation (protection category II)

CE and metrology mark with indication of year (M22) and registration number of the notified body for module D, country-specific calibration validity period

### **Standards, Regulations and Directives**

- DIN 43880
- EN 50470-1 - EN 50470-3
- EN 60715
- EN 62053-31 - IEC 62053-23

many is 8 years.

### **Transport & Storage** Transport and store the instrument only within the limits of permissible ambient con-

ditions. Also use suitable packaging in order to ensure adequate protection against environmental influences and mechanical stress.

### The instrument is maintenance-free. Keep outside surfaces clean.

Clean the instrument only with a dry cloth.

### Recalibration Comply with national recalibration regulations and laws. The calibration period in Ger-

A broken manufacturer's seal means equals invalidated calibration. The instrument must not be used for billing purposes

## Repairs & Manufacturer's Guarantee

If your instrument requires repair, please contact our service department; see Support & Contact. Unauthorized modification of the instrument is prohibited. This also includes opening

the meter. If it can be ascertained that the instrument has been opened by unauthorized personnel, no guarantee claims can be honored by the manufacturer with regard to personal safety, measuring accuracy, compliance with applicable safety measures or any

consequential damages. If the manufacturer's seal is damaged or removed, all guarantee claims are rendered null and void. The instruments are guaranteed for a period of 2 years after shipment. The manufacturer's guarantee covers materials and workmanship. Damage resulting from use for any other than the intended purpose or operating errors, as well as any and all con

### sequential damage, are excluded **Disposal & Environmental Protection**

- The following comments refer specifically to the legal situation in the Federal Republic of Germany. Owners or end users who are subject to other national requirements are required to comply with the respectively applicable national requirements and to implement them correctly on site
- The symbol on the left depicting a crossed-out garbage can on wheels refers to the legal obligation of the owner or end user (German electrical and electronic equipment act ElektroG and German battery act BattG) not to dispose of used electrical equipment and batteries with unsorted municipal waste ("household trash").
- Old devices, electrical or electronic accessories and waste batteries (including rechargeable batteries) used in Germany can be returned free of charge to Gossen Metrawatt  $\ensuremath{\mathsf{GmbH}}$  or the service provider responsible for their disposal. Further information can be found on our website.

## **Support and Contact**

Please contact us at +49 911 8602-0

Monday – Thursday: 08:00 Uhr – 16:00 Uhr Friday: 08:00 Uhr – 14:00 Uhr support.industrie@gossenmetrawatt.com

Please contact GMC-I Service GmbH for repairs, replacement parts and calibration: +49 911 817718-0 service@gossenmetrawatt.com www.gmci-service.com

### **CE Declaration**

The device fulfills all requirements of applicable EU directives and national regulations We confirm this with the CE mark.

The CE declaration is available on our website:
