

MT-508/36

Earthing equipment type NEVERS, Icc 8 kA/1s.

Application :

- Allows earthing from the ground of LV or MV power distribution networks.
- Icc: 8 kA /1s.

Features :

- MT-508-36** with 3 telescopic elements.
- For conductor diameters from 3 to 22 mm.
- Installation from the ground up to 10.5 m.
- Self-locking clamps.
- Insulating poles with a diameter of 36 mm.
- Hexagonal earth spike.

Composition :

- 3 poles with 3 elements (metallic telescopic) **MT-512-36**.
- 1 insulating pole 2 elements **MT-531**.
- 1 cable drum 35 mm² x 10 m **MT-543-35**.
- 1 earth spike **MT-650**.
- 1 carrying bag **M-87127**.
